

Harpoon 520 Herbicide

Harpoon[®] 520 Herbicide is a tried and tested performer in eliminating and controlling annual and perennial grass weeds. Harpoon[®] 520 Herbicide is used for the post-emergent control of a wide range of grass weeds in grain legume and oilseed crops, lucerne, medic and clover pasture and seed crops, forestry, bananas, citrus, grapes, pineapple, pome and stone fruit, pyrethrum, tropical fruit and nut crops as specified in the Directions of Use.

Harpoon[®] 520 Herbicide can be used in conjunction with other compatible herbicides, fungicides and trace elements and offers excellent selectivity. Best results are achieved when grass weeds are small and actively growing

Harpoon[®] 520 Herbicide is similar or equivalent to Verdict[®] 520 Herbicide (Dow AgroSciences Australia Limited).
